

FORGET YOUR SLAVERY TIME

Numbers 11:5

“Remembering the fish that we ate free in Egypt; and of the cucumbers, and of the melons, and of the leeks, and of the onions and of the garlics”.

When the people of God were at the desert walked with the Lord, it felt the miracles through the cloud that protected them of the heat and of the cold, they saw the sustenance of God day after day, but he still wanted the things that he had left in Egypt.

They didn't forget of what had in the place of his slavery, but if they forgot that there they were slave, they were taken to do what didn't want, they could not obey his own will, to do and to take care of their own things. They were slave, but of this they didn't remember more.

They remembered the onions and of the garlics that had there.

Today a lot of people are at the church, they serve God, they come his care, they sit down and they know his love, but they completely still didn't forget about the onions of Egypt, they didn't leave back what had in the past. They are not capable to leave the past in the past, and this too much saddens God. No matter how much the Lord it demonstrates his care, his love, their blessings and their miracles this is not enough for them to abandon his slavery past definitively. They continue if remembering what had when they were slave and they still want those eaten, even if see God daily spilling bread of the sky for them.

Leave your past where he is my brother. That that you went should not represent anything else for you because you were washed in the blood of the Lamb. Now you are a new creature, look at the future.

God wants you with new thoughts and new dreams. In Egypt there were things, but it was slavery place, in the presence of God there are blessings
